

Circo Bicycle Shelters

Applications

Parks
Leisure Areas
Play Areas
Urban
Schools and Colleges
Work Places

Specification

The Circo Modular System can be the answer to almost any cycle parking requirement. Built up from the Circo 90 quadrant base unit, inline and compound configurations can be created to provide secure parking for 10 to 100 plus cycles. A roof, gates and fixed panels can all be chosen either at the time of purchase or retro fitted at a later date and furthermore all this is available from large stocks. The Truly Modular system is built to last with a heavy duty box section frame and 5mm thick PETG UV glazing

Options

- Customisable Quadrant Motif (in lieu of Standard Cyclist)
- Engraved PETG Cladding
- Metal Sheetting (in lieu of PETG UV)
- Integral Hoops
- 5mtr Long Shelter
- Root Fixed Legs
- Installation Service
- Smoking Shelter Version Compliant with Parliament Act 3368

Circonomy Shelter

The Circonomy shelter is designed as a stand alone unit with capacity for 10 cycles, priced to suit even the most modest budget. With robust 50x50 RHS frame, adjustable feet and 4mm PETG UV roof/back, quality has certainly not been sacrificed.

Finish:

Hot dipped galvanised and PPC coated

CIRCO 5M BICYCLE SHELTER

The Circo Modular and Circonomy Bicycle shelters provide an ideal solution to all bicycle parking needs in any environment.

CIRCO 90

CIRCO 100
